Revenue Through Recycling™

August 29, 2012

Honorable Ron Belmont,
Mayor, Village of Harrison
Harrison Municipal Building
1 Heineman Place
Harrison, NY 10528

Dear Honorable Ron Belmont:

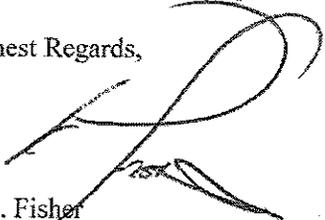

I am pleased to present The Town of Harrison with an official PCTW – Post Consumer Textile Waste initiative. As per our conversation, following is the proposal for The Textile Management Corporation (TM) to facilitate, manage and maintain the program.

Our turn key program comes with no costs, liability or hassle to your municipality. Textile Management will provide new collection/recycling bins either custom branded with your Town's logo, TM's ECCO Partner recycler or TM's generic municipal recycler (see Recycler options sheet). We will deploy the branded recyclers in agreed upon locations, maintain them weekly and provide you with a 24/7 maintenance hotline to ensure proper maintenance. All our recyclers are equipped with state of the art "SmartBin" technology (remote monitoring and tracking hardware/software). In addition, an insurance certificate naming The Town of Harrison as additionally insured will be provided. For your review attached is a copy of our standard Client Agreement. Please advise on any amendments needed.

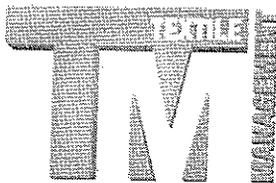

Compensation will be \$100.00 per location per month. Initial deployment as discussed would be the following two locations: The Harrison Police Department located at 650 North Street and The Silver Lake lower parking lot. Targeted start date would be on or about September 15. Adding more locations can be seamlessly done at any time and agreement amended accordingly.

Thank you again for the opportunity to submit this proposal. I am enthusiastic to see that The Town of Harrison is considering adding to their green initiatives and reducing their carbon foot print by adding a Textile Management PCTW program. Please don't hesitate to contact me if you should need any additional information. I will call you in a couple days to follow up to discuss the details and next steps (execution of agreement, confirm exact bin placements, recycler design, and marketing/ awareness plan, etc.).

Warmest Regards,

Ted L. Fisher
Chief Executive Officer
